re: **Report of Asbestos Abatement Activities and Project Closure**
Hawthorne Bowling Alley, Hawthorne, NV
Contract #: 06-015

Dear Mr. Fortmann,

The Nevada Division of Environmental Protection, Brownfields Program has received two copies of the "Report of Asbestos Abatement Activities, Hawthorne Bowling Alley, Hawthorne, NV" submitted by your office and dated on January 24th. The report represents the final task under the approved scope of services covering the Hawthorne Bowling Alley Brownfield cleanup project; the scope of services was approved in correspondence by this office on October 6, 2005.

The document has been reviewed and approved as a final deliverable under the scope of services. As the final task of the scope of services, the approval of this document also represents the closure of the Brownfield project. Please prepare and submit all final invoices for the project and request closure of the project budget, to include the release of any project retention still withheld by the NDEP.

The NDEP will transmit one of its copies of the report to the US EPA, Nevada Project Officer for filing. The original copy will be maintained by the NDEP in their Brownfield project files. Please ensure that Mineral County has received a sufficient number of copies of the report for their use.

Thank you for the services provided on this project. If you have any questions, please feel free to contact me at (775) 687-9384.

Sincerely,

Scott Smale
